FILED A CONTEST

WILL OF LARS MICKELSON DECLARED NOT HIS LAST WILL.

ANOTHER DIVORCE SUIT

Lula O. Linville Asks Divorce, Alimony and Care and Custody of Two Minor Children.

A will contest suit was filed Thursday in Circuit Clerk Rathbun's office for the September term of circuit court. The suit is Heber and Peter Mickelson, Bena Jensen, Mary E. Thompson, Josephine Jensen, Emma Jensen and Nettie Jensen vs. Renis Jensen, Violet Jensen, Luther Jensen and S. G. Gillam, executor of the estate.

The suit is a friendly one and the plaintiffs in their petition say that Lars Mickelson died on August 9, leaving four children. In probate court, on August 20, a written paper was filed purporting to be the last will of Mr. Mickelson, but the petition states it is not the last will, as he was insane and of unsound mind and memory at the time of the writing of the will and had been adjudged insane by a competent and lawful jurisdiction and declared to be incapable of managing his affairs.

The written paper as filed in probate court on Wednesday, purporting to be the last will of Lars Mickelson, leaves the estate to Bena Johnson, with the exception of \$1 each to Heber and Peter Mickelson and Mary Thompson.

The suit is over whether it is the last will or not, and the plaintiffs want the will rejected. A. F. Harvey is the attorney for the plaintiff.

Another divorce suit was filed for the September term of circuit court. It was Lula O. Linville vs. Charles E. Linville, and the petition states that they were married on December 10, 1907, in Holt county, and lived together until July 9, 1913. According to the petition the reasons for the divorce are indignities, the quarrelsome disposition of the defendant, defendant requested plaintiff to shoot her former husband, the mother of the plaintiff was not allowed to come to their home by the defendant, and the defendant stated that he had no affection for her and he was going to desert her. The petition says that the defendant is worth \$4,000 and that the plaintiff is without means of support. A decree of divorce is asked for, the care and custody of two minor children, Lela Dale and Leona Ruth Linville, and for support and maintenance. Shimbargan, Blagg & Ellison are the attorneys for Mrs. Linville.

Hopkins Has an Author.

According to the Journal, Hopkins has an author in Riley B. Luce, the jeweler of that town. The article says: Our Third street jeweler, Riley B. Luce, has long been of a literary turn of mind, but on account of business cares he has not had time, at least he did not take the time, to put his talent in use. Some weeks ago he fell and broke his leg, which necessitated him remaining at home, so he whiled away the moments that hung heavily on his hands, by writing a story which will be copyrighted and placed on the market. It is the story of a boy and will no doubt be as popular as "Beautiful Joe" and other works of this character. It will be a book of some 300 pages and will appear in the Journal as a serial before it is put in book form.

To Maitland Fair.

The following Maryville people went to the Maitland fair Thursday: Dr. and Mrs. Jesse Miller, Mr. and Mrs. J. R. Brink, R. P. Hosmer, Edward Keck, Aaron Felix, Robert Wells, Misses Marie and Kathleen Wells, Harry Wells, Mrs. J. F. Montgomery, Miss Ruth Montgomery, Will Montgomery, Mrs. W. J. Toel, Miss Brownie Toel, Mr. and Mrs. A. O. Mason.

Van and Hester Shipp of Arkoe returned home Wednesday evening from a visit with their grandparents, Mr. and Mrs. Lafe VanBriggle.

MARYVILLE WON THE GAME.

The All-Stars Defeated Ravenwood by a Score of 8 to 2 at the Normal Park On Wednesday.

A fair sized crowd witnessed the base ball game Wednesday afternoon at the Normal park between Ravenwood and the Maryville All-Stars, Maryville winning by a score of 8 to 2. No score was made by Ravenwood for six innings. The heavy hitting of Scott and Childress was the feature of the game, each getting a home run and two bagger. The hits made by Maryville were 13, by Ravenwood 8; the errors for Maryville 3, for Ravenwood 7. The battery for Maryville was Conley and Wiles. Umpire, Charles Moore.

BUSINESS COLLEGE NOTES.

Miss Mattie Carnichael has accepted a position with Bellows Bros. Silo company.

Prof. Fred Snyder came in today and is making his home with S. J. DeArmond on East Third street. Mr. Snyder was given a farewell reception by the faculty of the Chillicothe school last night.

Eight M. B. C. students are now employed by the First National bank and the Gillam-Jackson Loan and Trust company as follows: Messrs. Alexander, Gray, Howland and Curnutt, and Misses Miller, Sheridan, Farrar and Gallagher.

Prof. Charles H. McReynolds of the telegraph department has rented property and will move to the city early next week.

Wallace McKee of Pickering was a caller yesterday and made all arrangements to enter school Sept. 2.

The building and equipment is being overhauled this week.

Miss Bess Porter is spending her vacation in Kansas City, in special study at a business school.

Miss Clara Epperson, class of '13, was married in Omaha Wednesday to Mr. John L. Griffith of the government schools faculty at Pine Ridge, S. D.

Homer Croy in Stanberry.

The following is from this week's Stanberry Herald:

Homer Croy and father came down from Maryville Saturday and visited relatives in town for a short time. Homer found his way to the Herald den, where he inflated his lungs and took a good sniff of print shop ink and sour paste. Homer commenced in a print shop at Maryville, went to Columbia and worked his way through school, went to New York to get rich, but changed his mind and is now a successful writer and has a chair as one of the contributing editors on Judge. He is a bright young man, ambitious and is making good in the literary world. He hope he will keep on climbing. There is nothing too good for a newspaper boy.

A Correction.

A mistake was made Monday in giving the price Ford & Klaas of Parnell would receive for the apples in their big orchard, which they have sold to a firm at Atchison, Kan. The price given in the paper said \$2.50 per bushel for the Jonathan apples, which should have read \$2.50 per barrel. The other prices were correct.

MRS. JOSEPH LEITER.

She Will Soon Start With Her Husband on a World Tour In the Gould Yacht.

Mr. and Mrs. Joseph Leiter, now of Edgewater House, Beverly Farms, Mass., are planning a trip around the world on board the steam yacht Niagara IV, which Mr. Leiter has chartered from Howard Gould. The cruise will take about a year, the yacht coming back in time for the cup races in September, 1914. Mr. Leiter will be accompanied by his family and a number of guests. A crew of sixty-five men will be required for the yacht.

IT WAS WILL DAY

THREE WILLS OFFERED FOR PROBATE WEDNESDAY.

ONE WILL 10 YEARS OLD

The Other Two Were Drawn in Recent Years—Estate to Relatives in Each Instance.

Wednesday afternoon was will day in the probate court, as three wills were probated in that court.

The will of Sarah E. Pope, who died at her home at Skidmore, August 12, was probated. The will was written September 24, 1912, and was witnessed by L. C. Cook and T. A. Cummins. By the terms of the will, a son, Charles S. Pope, is given a certain tract of land by payment of \$150 to the executor of the estate; another son, Harvey M. Pope, is given 15 acres; James R. Pope, a son, is bequeathed 20 acres; Martha A. Sewell, a daughter, is given nothing, as she had received 80 acres of land, but if it is of less value than \$6,000, she is to be paid such sum as will make \$6,000 when added to the reasonable value of the land, but the payment is not to be over \$800. The rest and remainder of the estate is to be converted into cash and the proceeds divided equally among seven children, who are Rosa B. Teson, J. L. Pope, Harvey M. Pope, Bertha M. Osborn, Martha A. Sewell, Charles E. Pope, James R. Pope. Harvey Pope is named as executor of the estate.

The will of Lars Mickelson, who died in state hospital No. 2 at St. Joseph, on August 9, was filed. The will was written on October 29, 1903, and was witnessed by W. C. Pierce and W. H. Allen. According to the terms of the will \$1 was left to Peter and Heber Mickelson, sons, and to Mary E. Thompson, a daughter. A daughter, Bena Jensen, is given the rest and remainder of the estate, and at her death to go to her children. S. G. Gillam was named as executor.

The will of William Murphy, who died on August 12, leaves the entire estate to two sons, John J. and James F. Murphy. John J. Murphy was named as executor. The will was written on November 30, 1911, and was witnessed by L. C. Cook and T. A. Cummins.

Chicago Visitor Here.

Mrs. William Feurt of Chicago, arrived in Maryville Thursday noon on a visit to Maryville friends. Mrs. Feurt has been visiting her son, Fred Fuert, at Broadway, Mont., and stopped here on her way home. Mrs. George Feurt, who has been in Seattle, Wash., for nearly a year, is also in the city, and they are now at the home of the Misses Foster, on East Fourth street. Mrs. George Feurt came to Maryville on a visit to her sister, Mrs. Yeo, at the home of her son on East Thompson street. Mrs. Feurt resides at Clay Center, Kan. The Fuert families were residents of Maryville for many years, until about ten years ago.

Home From Iowa Lakes.

J. A. Dowden and family, Forrest Dowden and family and Mrs. J. F. Dowden, living northeast of Maryville, returned Wednesday evening from a ten days' visit at Spirit Lake and Lake Okoboji, Ia., with relatives of Mrs. J. A. Dowden. They made the trip in their Overland and Ford cars and made the 256-mile trip each way in one day. On their return trip they traveled through fifty miles of mud and would have been willing to have traveled in mud all the way. The muddy places were between Lake Okoboji and Storm Lake, and Braddyville and Clearmont. Crops in Iowa are looking fine, the travelers say.

Building New Residence.

Mrs. Winfield Scott, living northwest of Maryville, will soon begin the erection of a modern nine-room residence on West Seventh street, joining the residence lot of J. L. Scott. Excavation is now in progress for the foundation. Mrs. Scott will occupy it when it is completed.

Attended Mother's Funeral.

Mr. and Mrs. M. D. Kemp, living north of Maryville, returned Thursday morning from Bowen, Ill., where they were called by the death of Mr. Kemp's mother, who passed away Saturday night. The funeral services were held Monday afternoon.

No city water used at our fountain—Reuillard's.

Mrs. T. B. Maulding and Miss Mary Springer of Goff, Kan., went to Bedford Thursday to visit Mrs. Maulding's parents.

BACK FROM CANAL

MRS. FORD RETURNS FROM VISIT TO THE BIG DITCH.

THE AIR INVIGORATING

Heat Has a Different Quality From What It Has Here and Mercury Failed to Reach 90.

Mrs. J. S. Ford and little daughter returned Wednesday night from a delightful six months' visit at Christobel, Canal Zone, with her son, Stanley Ford, and his family.

The temperature of that country averages 86 the year round, and Mrs. Ford has enjoyed her summer there as much as she did the winter. The heat there is much different to what it is here, and there is always a good breeze blowing, the air light and invigorating, and the temperature did not reach 90 at any time. Merle Elizabeth attended school five months while she was there and enjoyed herself so much that she did not want to come home. Mrs. Ford's other son, Wesley Ford, who was in Christobel when she went there, is now located at Las Cruces, N. M.

WERE IN RAILWAY WRECK.

Mrs. Shipp and Daughters Returned Thursday Noon From Trip They Started On Wednesday.

Mrs. Harry Shipp and Misses Blanche and Marie Shipp, who left Maryville Wednesday morning on a two weeks' visit to Mr. Shipp at Billings, Mont., were in a railway wreck Wednesday afternoon about 4:30 o'clock, near Table Rock, Neb., that caused them to give up their trip for the present and return home.

A bridge was found burned out after they left Napier, Neb., as they were nearing Table Rock. Their train was backing to Napier when it ran into a freight train that had stopped on the track, the engineer on the passenger train not being aware of the freight train's position. One of the freight cars was thrown from the track and the passengers were shaken up some, but Mrs. Shipp and daughters escaped without injury. The passenger train then moved forward to a place where the passengers could secure transportation back to St. Joseph over another road. As the party would be delayed a week in getting to their destination, which would give them but one more week to visit and return, they concluded to return, as all the other tourists did.

They only learned of one injury. A man sustained a broken arm, but the conductor on the Burlington train to Maryville told them several people were killed in the wreck.

Left On Western Trip.

Mrs. Ralph Pierpoint, Mrs. C. R. Fakes and E. Fakes left Wednesday evening on an extended trip to Denver, Colorado Springs, Pueblo, Col., and other points in Nebraska. They do not expect to return before the latter days of October.

To Maitland Fair.

Quite a number from Maryville are attending the Maitland fair this week. The Maryville band is furnishing the music for the fair. The races that are given each afternoon are very good ones.

No city water used at our fountain—Reuillard's.

Home From Eastern Trip.

Mr. and Mrs. R. H. Duncan returned Thursday morning from a five weeks' trip to New York and Pennsylvania. They visited their son, Ross Duncan, in New York City.

Back From Colorado.

Paul Sisson returned Thursday noon from a two weeks' stay in Denver and Estes Park, Colo. Mr. Sisson reported that the weather was very cool where he was.

Miss Teresa Conway of Clyde, who recently underwent a surgical operation for appendicitis at St. Francis hospital, returned home Thursday. She was accompanied by Charles Binter, who will spend a few days in her home.

Miss Helen Todd and her guest, Miss Pauline Parr of Hamilton, went to Guilford Thursday to visit their relatives there until Friday evening.

Paul and Stella Brown went to Arkoe Thursday morning to visit the family of William Fanning.

No city water used at our fountain—Reuillard's.

MRS. JANE DEBORD IS DEAD.

Funeral Services Were Held Thursday Afternoon at Daughter's Home in Skidmore.

Funeral services for the late Mrs. Jane DeBord, who died Wednesday night at the home of her daughter, Mrs. F. A. Lee of Skidmore, with whom she had made her home for several years, were held Thursday afternoon at the Lee home, conducted by Rev. J. C. Polley of the Christian church. Burial took place in Burr Oak cemetery.

Mrs. DeBord was the widow of the late John DeBord of Quitman, and they were among the pioneer residents of the county. Mrs. DeBord was 79 years old and was born in Rock Castle county, Kentucky. She was married to her husband in Kentucky in 1867, and they came to Nodaway county in 1870 to make their home, settling on a farm west of Skidmore. Mr. DeBord's death occurred in 1884.

Mrs. DeBord had made her home with her daughters for five years, and for two years had been in a helpless condition from paralysis at Mrs. Lee's home. She is survived by two children, Mrs. W. L. Jones of Independence, Mo., and Mrs. Lee.

THREE ROUND BOXING BOUT.

Staged in the Owls Club on Wednesday Afternoon—Another This Afternoon.

A fast three round boxing bout was staged in the Owls club rooms Wednesday afternoon between Steve Viles and Kid Butler, a professional boxer, who is putting on exhibition matches. Butler is a much lighter man than Viles, weighing only 140 pounds, but he is fast and can give the local man a busy time. Another bout was being staged this afternoon at the Owls between the two.

BUTTER GOOD AFTER YEARS.

Lost Package Found to Be Sweet When Taken From Well.

A crock of butter was taken from a well on the farm of John McQuigg, a wealthy land owner twelve miles northeast of Grant City a few days ago. The butter was lost in the well years ago by Mr. McQuigg's wife, who died seven years ago. The cloth still was around the butter which still was firm, of bright color and of good eating quality.

SPECIAL COUNCIL MEETING.

Held Wednesday Evening and Board Contract Was Approved.

A special meeting of the city council was held Wednesday night for the purpose of approving the contract for the new filter house at the water works and to order the payment of 50 per cent of the purchase price of the new boilers, as the contract provided for this payment on the delivery of the boilers at the water plant.

To Go to Grant City.

County Superintendent Oakerson will leave this evening for Grant City, where he is to address the county teachers' association. Mr. Oakerson is to go to Grant City by the way of Hopkins and will spend the night at the home of Prof. A. H. Cooper's parents, near that town. Messrs. Oakerson and Cooper will go to Grant City in the morning.

The Union Forum at Pickering.

The Union Forum will hold its regular meeting Saturday evening at 8 o'clock in the M. E. church of Pickering. A feature of the program will be a debate on the California alien land law.

Cleaning the Dam.

Manager Lou Denny of the water company was at the river all day Wednesday superintending the work of cleaning the dam. The water was let out of the dam and a large amount of straw and trash cleared away.

Mr. and Mrs. J. M. Sturman of Gove, Kan., who have been in Maryville a few days with a view of locating here, returned to their home Wednesday evening.

Miss Helen Wray of Springfield, Mo., who has been visiting in Maryville, will go to Hopkins this Thursday evening for a visit with relatives.

FARMERSTOO BUSY

GOOD ROADS PAYS, MET LITTLE RESPONSE IN NODAWAY COUNTY.

A SUCCESS OVER STATE

Over a Million and a Half Dollars Saved in Labor in State and Many Miles of Road Improved.

The good roads days in Nodaway county were not much of a success, but on the second day more were out than on the first day, Wednesday. While not much work was done on the road, still many cut the weeds in the road.

The farmers are too busy now to work the roads. They are still threshing.

However, the good roads days in the state were a great success. Based on telegrams received from counties scattered in every portion of the state, Governor Major said Wednesday night that a quarter of a million would be a conservative estimate of the number of men who toiled on the roads and highways of Missouri on that day, in answer to his proclamation.

The governor estimates that the value of the work that was done yesterday and will be done today will be at least \$1,500,000.

Governor Major says:

"The value of the labor alone in the two days will be a million dollars. More than \$200,000 has been raised in the various counties and cities of Missouri and spent for material and road supplies. Thousands of teams have been worked. Tons of cement have been put into bridges and culverts. This will add another million dollars to the total amount of improvement that has been done and will be done on the two road days. And that is putting it small.

"Missouri has shown the nation an object lesson in road building. At least two hundred miles of new road was built yesterday and that number will be equaled again today. Repairs have been made on hundreds of other miles of our highways. Hills have been dynamited off the entire state over.

"But aside from the actual dollar for dollar improvement on the roads has been the splendid road spirit that has been developed. The splendid newspaper support accorded the proclamation setting aside these two good roads days made failure impossible. Even if we had not had such a splendid turnout of volunteer workers as we had over Missouri today the plan would have been a success. For beside the improvements we have got a splendid good roads spirit, a spirit that will not stop with work on these two days alone, but will carry on this great work of bettering our highways until Missouri leads the nation. And out of the newspaper and the personal campaign made for these two days has come a splendid education in road building. Counties have more permanent road building equipment as a result of this movement than they had before. And they are going to keep on increasing it."

In City Police Court.

George Peterson and Levi Keliag were brought before Mayor Robery in police court this morning charged with drunkenness. They were fined \$3.10 each, covering costs.

An Exhibit at Des Moines.

C. D. Caldwell of Burlington Junction sent twenty head of his Black Angus cattle to Des Moines, Ia., the fore part of the week. The cattle will be on display there during the Iowa state fair, which opened yesterday.

Mrs. Paul Brown and daughter, Miss Bessie Brown and Robert Brown went to Barnard Thursday morning to spend the day with Mrs. J. W. Miller and family.

NEW ADVERTISING RATES.

September 1st a new advertising rate card will be in effect on The Democrat-Forum. A slight advance has been made in nearly all classes of advertising. This has been necessitated by advances in prices for nearly everything entering into the cost of making a paper, and also by the fact that increased circulation means increased cost for output which must partly be borne by the advertiser. Since the rates now in effect were made the circulation has increased at least 50 per cent, while the increase in rates averages only about 10 per cent. Special contract rates for large amounts of space and for regular space advertising made known upon application. The open rates follow:

Display advertising, first insertion, per inch 20c
Each succeeding insertion, per inch 15c
Short locals, each insertion, per word 1c
Headed readers of 60 words or more, per word, first insertion 1c
Each subsequent insertion, per word 1/2c
Poultry ads, business and professional cards, per inch per month \$2.00
Less than one month charged at regular display advertising rates.

Yearly contracts can be made at a discount from the regular advertising rates. Call us and our advertising man will be glad to visit you.

The standpaters and the special privilege cormorants are not shaping the new tariff and currency bills now in the process of making at Washington, therefore they are fighting for delay. The fact that the Democratic majority in the senate is very, very small enables them to score a measure of success in such fight. The way to remedy that lamentable situation is for the people to resolve now to elect more Democratic senators next year and make sure to keep the resolution.

How to send a vacation may be an interesting question—sometimes. But you'll not find Democratic officials spending their vacations at the sea coast resorts hobnobbing with millionaires and sports, nor cruising on the Atlantic with the owners of private yachts, getting next to how to make some "easy money." If they get a vacation they may work the roads, or get out and touch elbows with the people. It's just a Democratic way.

W. M. Wyant returned Thursday noon from a business trip to St. Louis.

Deafness Cannot Be Cured

Local applications, as they cannot reach the inner portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Filthy Chewing Gum.

Although the production of chewing gum is enormous, and millions of dollars are invested in the industry and the vending of the product, few realize just what the components are of commercial chewing gum, and what the processes are which render the gum chicle of the tropics suitable for use, says the Pharmaceutical Era.

Neither the health departments nor the druggists have investigated the manufacture of chewing gum, the former passing the neatly wrapped and sealed packages, without apparently exercising any supervision over the manufacture of the product. The druggists and confectioners, as well, have been content to handle the product as a quick seller, without investigation as to its cleanliness, its manufacture or the source of its principal component, chicle.

As the result of a laboratory investigation of several leading brands of commercial chewing gum, carried out by the Pharmaceutical Era, it has been shown that a large amount of dirt had never been removed from the chicle, and that in the deposit of this matter in the bottom of the test tubes are included bark, leaves, insects, dust, moss, soil, pollen of other tropical plants, and in fact the usual accumulated material to be found in almost any tropical gum collected by the tree-slashing methods of primitive peoples.

Contrasted with these samples, which were found to be "filthy vegetable substances" in agreement with the pure food decisions of the department of agriculture, the investigator made similar tests with purified gum chicle, produced by modern methods and by the use of special machinery. The result of these experiments prove conclusively that not only is it possible to give the consumer a pure chewing gum at the same price demanded for the dirt-laden kind, but that there is no excuse whatever for the present methods of manufacture.

Threatened With Lockjaw.

The Hopkins Journal says: While breaking ice with a pick one day last week Mrs. C. W. Kirk pricked one of her fingers, but thought nothing of the matter until last Sunday, when her finger began to pain her some, as well as her jaws. Dr. Kirk called in Dr. Sargent, and administered antitoxin which gave relief. Dr. Wallis of Maryville was also called, and while at the time there were strong indications of lockjaw, the danger has now passed and Mrs. Kirk is resting easy, being able to be up and around the house. If prompt measures had not been taken, there is little doubt but what her case would have proven very serious.

Brought Guests to Maryville.

Miss Ola Clawson of Barnard was in Maryville Wednesday, accompanied by Miss Allie Amos of Council Bluffs and Messrs. Ernest Howard and William Sharp of Sioux City.

Louis DeHart of the Deschauer jewelry store will leave Saturday evening for Chicago, Cincinnati and other eastern points. At Chicago he will attend the National Jewelers' association. He will be gone two weeks.

Mrs. Wallace Chilcott and Miss Darlean Chilcott of DeWitt, Mo., returned home Wednesday evening from a visit at Brooks and Corning, Ia.

Rev. Mother John of Clyde, accompanied by Miss Anna Lally, went to St. Joseph Thursday morning on a business trip.

A marriage license was issued Thursday to Liver L. Kelley of Blanchard, Ia., and Harriet A. Hurt of Coin, Ia.

A marriage license was issued Tuesday to Tona Covey of Lilly Dale, Ind., and Miss Edna A. George of Hopkins.

Dr. and Mrs. H. S. Dowell of Clearmont were city visitors Thursday.

News of Society and Womens' Clubs

Guests at Willowdale Farm.

Mrs. Curtis Wray of Springfield, Mo., and Miss Daisy Richardson of this city were all-day guests Thursday at Willowdale, the country home of Mr. and Mrs. William Job, west of Maryville.

A Surprise Waiting for Rebekahs.

All members of Alert Rebekah lodge are requested to meet in Odd Fellows hall Friday afternoon at 4:30 o'clock. Each one is requested to bring lunch for one. There will be special work and a surprise for all.

Visitors From Chicago.

Mr. and Mrs. R. A. Good of Chicago arrived in Pickering Thursday noon and are guests at the home of Mr. and Mrs. Howard Wray. The visitors are on the way home from a western trip. Mrs. Good is a sister of Mrs. Wray, and will be better remembered as Miss Little Beckwith. Her marriage to Mr. Good occurred since her visit to Mrs. Wray last summer.

Entertained For Sister.

Mr. and Mrs. John Shonley entertained at dinner Wednesday evening in honor of Mr. Shonley's sister, Sister Edward of Yankton, S. D. The guests were Mrs. Andrew Zech, Hubert Zech, Misses Katherine and Teresa Shonley and Paul, Francis and Anselm Shonley. Sister Edward left on the 7:11 Wabash train for her work in South Dakota, accompanied by Miss Katherine Shonley. They were accompanied as far as Burlington Junction by Mrs. John Shonley.

Picnic Party.

A number of young people spent a pleasant day picnicking and fishing at the 102 river Thursday. All brought well filled baskets, and at noon a bountiful dinner was served. Those of the crowd were Mr. and Mrs. Will Osborn, Mr. and Mrs. John Griffey, Misses Dora Smith, Mae Mitchell, Emma Josephine, Nettie and Violet Jensen, Esther Neidle, Edith and Mabel Patterson, Messrs. George and Robert Patterson, Orb Griffey, Gus Shell, Harold, Donald and John Wesley Thompson, Ernest, Beryl and Cleo Mitchell, Sorenus Jensen and Jimmie Patterson.

Is the "Warmest Baby."

Attorney S. E. Browne had legal business at the county seat Monday, and County Clerk George W. Demott sent word by him to the Journal to the effect that Maryville, without question, is the "warmest baby" on the map. In a local store there that day several chicks were hatched out from eggs that were housed in a refrigerator, so we believe the county official is about right in his claim.

Meeting at Mt. Air Church.

Rev. Royston begins a revival meeting at the Mt. Air M. E. church Sunday evening. Everybody, regardless of denomination, are requested to attend all these services for the salvation of souls. Preaching every evening at 8 o'clock.

Miss Inez Teaney was called to DeKalb, Mo., Thursday morning by the illness of her aunt.

Mrs. T. J. Moss went to Maitland Thursday morning to attend the fair.

Communication

Barnard Correctly Informed.

Bolckow, Mo., Aug. 21.—Editor of Democrat-Forum: Be it especially known to the people of Barnard that of my own free will I decided my 20-acre farm to my six children. Contrary to the false rumors circulated by those who wish to hurt the reputation of my son-in-law, Rev. W. E. Royston, I was neither compelled nor influenced in any way whatsoever by him to deed away my property. However, because of the confidence my children have in him, he has been selected by them as business manager of the farm.

A Larger and Better Maryville.

Editor Democrat-Forum: Surely a consummation much to be desired by every citizen of our beautiful little city.

Can we have it? If so, how? Some things are fundamental, and cannot be ignored. If Maryville is to become a larger and better city it will result largely, yea, almost entirely, from two sources.

First, inside energy, Maryville spirit, Maryville life, a common agreement as to what is best, financially, politically, socially, and morally, coupled with a united determination to do it. Maryville needs a larger and clearer vision of that which makes for the highest and purest for her homes, schools and churches. Everything that antagonizes these should be invited to go, and go quick.

Second, outside help. Maryville may grow better from the proper exercise of inside energy, but she cannot hope to grow permanently larger without outside help. And this, too, largely from its immediate surroundings. Maryville is the metropolis of Nodaway county, and should aim to be the commercial, political, social and moral center of the entire county. But how is this to be accomplished in a way that will be of real worth to Maryville? Does Maryville expect this without paying the full price of all that it is worth?

Now, if Maryville cannot hope to grow larger without help from its immediate surroundings, then a pertinent question is, how is Maryville going to get this help? How long will it take the farmers and commercial centers of Nodaway county outside of Maryville to make Maryville a larger and better city without any increase of financial ability? We are willing to admit that some help may come from inducements that Maryville can hold out by way of better stores, better schools, better churches and better moral conditions, but these can accomplish but little unless there are increased resources to draw from. Have the people of Maryville fully awakened to the fact that her enlargement and prosperity depends almost entirely on the enlargement and prosperity of its immediate surroundings from which it gets that which contributes to its growth and prosperity?

Only as Maryville manifests her interest in the welfare of the farmers of Nodaway county, and also the welfare of every town and village in the county can she hope to have these contribute to her larger and more substantial growth. Think of it as we please, but here is a large place for a practical application of the golden rule. Maryville is quite willing to receive benefits from Burlington Junction, Skidmore, Parnell and Barnard, and all of the other small towns of the county, but is Maryville equally ready to lend a helping hand to each and all of these lesser commercial centers? Has Maryville not learned that the only sure way to get something out of the bank is to first put something in? And that if she wants her surrounding influences and agencies to help in the building of a larger and better Maryville it must come largely from the building of a larger and better Nodaway county, including every farm,

NODAWAY VALLEY BANK

OLDEST BANK IN THE COUNTY

Capital and Surplus \$125,000.00

SAVINGS DEPARTMENT

The officers of the Nodaway Valley Bank wish to announce the establishment of a SAVINGS DEPARTMENT in connection with this institution.

This department will take care of your savings, paying interest semi-annually, and render every assistance in cultivating the habit of saving money.

No one need be ashamed to save money. No one need be ashamed to start with as little as a dollar. The habit of saving money, if persisted in, is bound to make for financial independence and to make a good citizen of the "man with the habit" as well.

You may start an account in our SAVINGS DEPARTMENT with a dollar and make deposits from time to time. No red tape. No formality. Simplest thing in the world, and think what it means.

The SAVINGS DEPARTMENT of the NODAWAY VALLEY BANK will open for business on

FRIDAY, AUGUST 22, 1913

Hours 9 a. m. to 3 p. m.

On all accounts opened before September 1st, 1913, interest will be allowed from August 15th, 1913.

Don't overlook this invitation to start a SAVINGS ACCOUNT. Drop in next time you are passing and get started. We have a book for YOU.

James B. Robinson, President. F. P. Robinson, Vice Pres.
J. D. Richey, Cashier.

town, village and hamlet within its borders. A larger and better Maryville means that there must be first a larger and better Burlington Junction, a larger and better Skidmore, a larger and better Barnard, a larger and better Hopkins. In a word, an improvement and healthy growth of every interest in the county. Is Maryville ready and willing to do her full share in the improvement of these interests outside of her immediate borders? Is Maryville ready to join hands and give substantial support to any and every movement that promises a larger and better Nodaway county in every nook and corner? If so, and she can get the rest of the county to so join with her, Maryville's population will be 10,000 in less than ten years.

BEAUTIFUL LAKE COOPER AT KEOKUK, IOWA, FORMED BY \$25,000,000 POWER DAM AT THAT POINT

In the opinion of experts who have gone over the two-and-one-half-mile triangular course, Lake Cooper, at Keokuk, Iowa, promises to become the leading motor boat speedway in the middle west. It will have its first trial August 26, 27 and 28, when the annual regatta of the Mississippi Valley Power Boat association will be held at Keokuk in connection with the celebration by which the \$25,000,000 power development dam at that point will be formally opened. By the construction of the dam a lake with an area of 100 square miles was formed, with a length of 65 miles and from one and one-half to three and one-half miles wide. At the upper end the depth is eight feet; at the lower end, near Keokuk, it reaches a depth of fifty feet. Beautiful boulevards are being built on the bluffs skirting the water, and a number of magnificent club houses have been planned. Adding these to the natural advantages of the surrounding country, the outlook is promising for sport and summer enjoyment such as few places enjoy, and which will afford attractions for visitors from the entire power zone, covering several hundred miles. At present the racing speedway is passing through an experimental stage. The length of the course is only temporary, it is planned to make it five miles long, with the boats in full view of the stands from start to finish.

A NEW HIGH POWER RIFLE—
The Remington-UMC Slide Action Repeater

GETTING in touch with the shooting fraternity all over the country, as we do, we find a very considerable number of Remington-UMC users who want a Remington-UMC slide action repeater in a high power model—one heavy enough for practically any type of game that is found on this continent.

The answer to this demand is the new Remington-UMC High Power Slide Action Repeating Rifle. During the few months these rifles have been on the market, several hundred of them have been put into use. The testimony of the owners is that they are emphatically a success. Your Remington-UMC dealer has these repeating rifles in stock or will get you one. Don't buy a high power repeater until you have seen it. It is the gun you want.

FURTHER ADVICES FROM ENVOY LIND

Mexican Note Filters Slowly Into Washington.

HUERTA APPEARING FRIENDLY.

Mexican Note Intimates President Wilson is Not Backed by His Countrymen and Declares Recognition Has Been Made a Partisan Question.

Washington, Aug. 21.—Still without the complete text of the Huerta government's note rejecting President Wilson's suggestion for peaceful adjustment of the Mexican situation, government officials received further advice, describing as cordial the continuation of relations between Huerta officials and John Lind.

Intimations are contained in Huerta's reply that President Wilson is not backed up by congress or the American people in his stand against recognition of the Huerta government.

Referring to the attacks on the Washington administration by members of congress and pointing to the official recommendations of Ambassador Henry Lane Wilson advising recognition, President Huerta declares he is entitled to be recognized. He holds that the Democratic party's power is temporary and argues that recognition of his government is a partisan question in the United States. He intimates that he reaches his conclusion on private advices from Washington.

That the United States will not recede from its original proposal that it cannot recognize any regime unless a constitutional election is held, was reiterated by government officials who discussed the question with President Wilson. Policy of non-interference in Mexico by continuing to deny arms to both sides and a withdrawal of Americans in the troubled zone is likely to be put into effect, though in some administration quarters there was noticeable talk of drastic measures.

It is the opinion of some officials that the United States should prepare itself for emergencies. President Wilson has been opposed to any big troop movement, lest the intention of the United States be misinterpreted. Other officials take the view, however, that precautionary measures are necessary.

An attempt to pass a vote of confidence on President Wilson's Mexican policy was blocked in the house Democratic caucus when Representative Saunders introduced such a resolution and Representative Hardwick of Georgia objected on the ground that the time and place were inappropriate. It was dropped. None of those present interpreted the action as a lack of confidence, however.

OFFICERS PUT TO DEATH

General Bravo Orders Killed Those Who Would Desert.

Eagle Pass, Tex., Aug. 21.—A story of executions of high army officers and of heavy losses of life in battle reached here in the first official account of fighting about Torreon from the constitutional point of view. The dispatches came from Carranza. The governor said the attack on Torreon began July 29 and continued fourteen days, during which time the constitutionalists lost over 800 killed and wounded. Then the constitutionalists stopped active fighting.

General Bravo, commanding the federal forces, Carranza said, discovered a plot among some of his officers to desert to the constitutionalists. Bravo promptly executed two generals, Pablo Lavin and Epimeno Escalada and also Colonel Luis Caro. General Cheche Campos, likewise sentenced to be shot, escaped and offered his services to Carranza, who says he arrested Campos and tried him by court-martial and had him shot.

CONFER OVER MONEY BILL

Owen Talks With President Wilson on Currency Measure.

Washington, Aug. 21.—Senator Owen's change of mind on the administration currency bill precipitated a conference among Democrats of the senate banking committee, who discussed his declaration that changes relating to the regional reserve banks must be made before the bill could pass the senate.

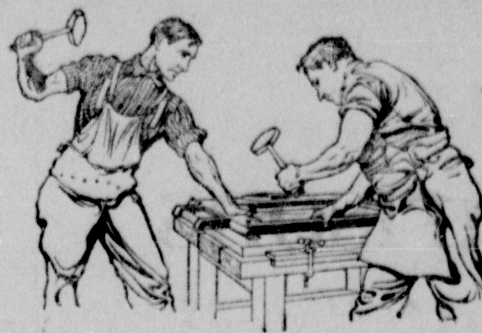

Owen said that Republican members would be called into a conference to agree on a bill. He later had a half hour's conference with the president and at its conclusion stated that the administration currency bill had his full approval and that he believed it would be reported by the committee without material change.

RECOGNITION FOR GOVERNOR GLYNN

"Executive Chamber" Designated for Him by Building Board.

Albany, N. Y., Aug. 21.—Martin H. Glynn was officially recognized as acting governor of the state by the board of trustees of public buildings when new rooms in the capitol were designated as "the executive chamber" for his use. The assembly parlor and a committee room were set aside as the acting governor's quarters. They are situated on the third floor, while the executive offices to which Governor Sulzer still clings are on the floor below.

As Governor Sulzer approached the capitol steps on his way from the executive mansion three staid young men turned around to stare at him. "Are you here to assault me?" the governor asked.

"Why in the world should we want to assault you?" replied one of the young men, in astonishment. "We are simply looking around—just sightseers." The executive, his fears quieted, shook hands nervously with the trio and walked quickly up the steps to the executive chamber. Sulzer is said to have had several warnings of a projected plan to have him attacked by gangsters or kidnaped.

THAW APPEARS IN CANADIAN COURT

Fugitive Produced on Habeas Corpus Writ Attorney Secured.

Sherbrooke, Que., Aug. 21.—Harry Kendall Thaw's legal fight against deportation to the United States, after his dramatic escape from the Matteawan state hospital for the criminal insane on Sunday morning last, began in this Canadian frontier town this morning. He was produced before Judge Globensky of the superior court on a writ of habeas corpus obtained by his counsel.

If the writ is sustained he will be a free man. But for how long he will be free is problematical. Dominion immigration authorities, watching every move in the case, announced that they stand ready to detain him, should he be released, and then to take steps to thrust him back across the border as "an undesirable alien," either at the New Hampshire line, where he entered the Dominion, or at some point in New York state.

Sheriff Hornbeck, after close scrutiny of the self-styled Mitchell Thompson, arrested as one of the five who aided Thaw to escape from the asylum, said that without question the man was Roger Thompson of New York city.

Don't Know They Have Appendicitis.

Many Maryville people who have chronic appendicitis, which is not very painful, have doctored for years for gas on the stomach, sour stomach or constipation. W. Jones, druggist, states if these people will try a single dose of simple buckthorn bark, glycerine, etc., as compounded in Adlerika, the remedy which became famous by curing appendicitis, they will be surprised at the instant benefit. Druggist Shuff at Pickering reports great success there.—Advertisement.

MAURY DIGGS FOUND GUILTY

Former State Architect of California Convicted on 4 Counts.

VERDICT ON THE NINTH BALLOT

Maximum Penalty on Each Count Five Years in Federal Prison—Counsel for Defense Announces Appeal Will Be Taken.

San Francisco, Aug. 21.—In eloping with Marsha Warrington from Sacramento, Cal., to Reno, Nev., Maury I. Diggs, former state architect of California, was guilty of violating the Mann act, which makes it a felony to transport women for immoral purposes from one state to another. This was the verdict of the jury that tried him. There were six counts in the indictment and the jury found a verdict of guilty on the first four. Each count carries a maximum penalty of five years and a minimum of one year in a federal prison.

The case won national notoriety when United States Attorney John L. McNab resigned, charging that the trial had been delayed by political influence and made public his resignation in an open letter to President Wilson.

Nine Ballots Taken.

Nine ballots were taken by the jury and from the first the jurors were unanimous for conviction on the first four counts, but on the fifth, charging the defendant with persuading, advising and inducing Marsha Warrington to go from Sacramento to Reno for immoral purposes, and on the sixth, charging the same offense with respect to Lola Norris, they were as obstinately disagreed.

Sentence will be pronounced Sept. 2. Judge Van Fleet set the bail at \$5,000 on each count, making \$20,000 in all. I. H. Diggs, the defendant's father, and Marshall Diggs, his uncle, were both ready with bonds in the amount named.

Counsel for the defense announced that they would appeal.

MONEY FOR MOVING CROPS

Secretary McAdoo Outlines Plans for Distributing Cash.

Washington, Aug. 21.—First deposits of the government's \$50,000,000 fund to aid crop movements will be made in the southern states in August and September.

All deposits in all states will be made in two equal allotments. In a statement Secretary McAdoo outlined the treasury department's requirements for security.

While all deposits may be recalled without notice, the treasury expects to recall 25 per cent Dec. 15, another 25 per cent Jan. 15, 1914; another Feb. 15 and the final portion March 1. The banks will pay 2 per cent interest and all expenses.

Secretary McAdoo's statement says the government expects that by making the deposits in national banks in principal cities the funds will be used in good faith for relieving stringency and not for speculative purposes and will be distributed to smaller banks at moderate and reasonable interest.

TARIFF DEBATE IS PERSONAL

Penrose and Martine Engage in Tilt in Senate.

Washington, Aug. 21.—Senators Penrose and Martine enlivened the tariff debate by a spirited exchange of personalities. Martine quoted Rudolph Spreckles as believing free sugar would not ruin the beet sugar industry in the west, that the Hawaiian industry would continue and that the Louisiana cane industry has been too long protected.

"That the senate may know the impartiality of Spreckles in the matter, I wish to call attention to his contribution to President Wilson's campaign fund," interjected Penrose. He added that Spreckles was interested in free sugar.

"The senator from Pennsylvania has lived so long under the shadows of a boiler factory that the welding of plate and the riveting of a boiler have more attraction for him than the cries of suffering humanity," retorted Martine.

Entombed Workmen Rescued.

New York, Aug. 21.—Thirty-five workmen, caught 440 feet under the ground in a section of the Catskill aqueduct, in course of construction under Washington Heights here, when fire broke out in the shaft house overhead, were found unharmed two hours later when the fire was controlled. Their chief suffering had been from lack of air, cut off by the smoke.

Goodwater, Mo.—"Ever since I was a little girl," says Mrs. Riley Laramore, "I was a great sufferer from dyspepsia. I suffered misery after eating, and had terrible heartburn."

I thought I had to suffer this way as long as I lived, but when I began to take Theodor's Black-Draught, in small doses, every night, the heartburn was all gone in a few days, and I could eat without distress.

I took two small packages in all, and although that was some time ago, the dyspepsia has not returned.

I speak a good word for Theodor's Black-Draught whenever I have the opportunity."

If eating causes distress, we urge you to try Theodor's Black-Draught. It cleanses the system, helps the stomach to digest its food, regulates the bowels, and stimulates the liver.

It acts gently and is without bad after-effects. Try it. Price 25c.

NO. 68.

FILED A CONTEST

WILL OF LARS MICKELSON DECLARED NOT HIS LAST WILL.

ANOTHER DIVORCE SUIT

Lula O. Linville Asks Divorce, Alimony and Care and Custody of Two Minor Children.

A will contest suit was filed Thursday in Circuit Clerk Rathbun's office for the September term of circuit court. The suit is Heber and Peter Mickelson, Bena Jensen, Mary E. Thompson, Josephine Jensen, Emma Jensen and Nettie Jensen vs. Renis Jensen, Violet Jensen, Luther Jensen and S. G. Gillam, executor of the estate.

The suit is a friendly one and the plaintiffs in their petition say that Lars Mickelson died on August 9, leaving four children. In probate court, on August 20, a written paper was filed purporting to be the last will of Mr. Mickelson, but the petition states it is not the last will, as he was insane and of unsound mind and memory at the time of the writing of the will and had been adjudged insane by a competent and lawful jurisdiction and declared to be incapable of managing his affairs.

The written paper as filed in probate court on Wednesday, purporting to be the last will of Lars Mickelson, leaves the entire estate to Bena Johnson, with the exception of \$1 each to Heber and Peter Mickelson and Mary Thompson.

The suit is over whether it is the last will or not, and the plaintiffs want the will rejected. A F. Harvey is the attorney for the plaintiff.

Another divorce suit was filed for the September term of circuit court. It was Lula O. Linville vs. Charles E. Linville, and the petition states that they were married on December 10, 1907, in Holt county, and lived together until July 9, 1913. According to the petition the reasons for the divorce are indignities, the quarrelsome disposition of the defendant, defendant requested plaintiff to shoot her former husband, the mother of the plaintiff was not allowed to come to their home by the defendant, and the defendant stated that he had no affection for her and he was going to desert her. The petition says that the defendant is worth \$4,000 and that the plaintiff is without means of support. A decree of divorce is asked for, the care and custody of two minor children, Lela Dale and Leona Ruth Linville, and for support and maintenance. Shimbargan, Blazg & Ellison are the attorneys for Mrs. Linville.

Hopkins Has an Author.

According to the Journal, Hopkins has an author in Riley B. Luce, the jeweler of that town. The article says: Our Third street jeweler, Riley B. Luce, has long been of a literary turn of mind, but on account of business cares he has not had time, at least he did not take the time, to put his talent in use. Some weeks ago he fell and broke his leg, which necessitated him remaining at home, so he whiled away the moments that hung heavily on his hands, by writing a story which will be copyrighted and placed on the market. It is the story of a boy and will no doubt be as popular as "Beautiful Joe" and other works of this character. It will be a book of some 300 pages and will appear in the Journal as a serial before it is put in book form.

To Maitland Fair.

The following Maryville people went to the Maitland fair Thursday: Dr. and Mrs. Jesse Miller, Mr. and Mrs. J. R. Brink, R. P. Hosmer, Edward Keck, Aaron Felix, Robert Wells, Misses Marie and Kathleen Wells, Harry Wells, Mrs. J. F. Montgomery, Miss Ruth Montgomery, Will Montgomery, Mrs. W. J. Toel, Miss Brownie Toel, Mr. and Mrs. A. O. Mason.

Van and Hester Shipp of Arkoe returned home Wednesday evening from a visit with their grandparents, Mr. and Mrs. Lefe VanBriggle.

MARYVILLE WON THE GAME.

The All-Stars Defeated Ravenwood by a Score of 8 to 2 at the Normal Park On Wednesday.

A fair sized crowd witnessed the base ball game Wednesday afternoon at the Normal park between Ravenwood and the Maryville All-Stars, Maryville winning by a score of 8 to 2. No score was made by Ravenwood for six innings. The heavy hitting of Scott and Childress was the feature of the game, each getting a home run and two bagger. The hits made by Maryville were 13, by Ravenwood 8; the errors for Maryville 3, for Ravenwood 7. The battery for Maryville was Conley and Wiles. Umpire, Charles Moore.

BUSINESS COLLEGE NOTES.

Miss Mattie Carmichael has accepted a position with Bellows Bros. Silo company.

Prof. Fred Snyder came in today and is making his home with S. J. DeArmond on East Third street. Mr. Snyder was given a farewell reception by the faculty of the Chillicothe school last night.

Eight M. B. C. students are now employed by the First National bank and the Gillam-Jackson Loan and Trust company as follows: Messrs. Alexander, Gray, Howland and Curmitt, and Misses Miller, Sheridan, Farrar and Gallagher.

Prof. Charles H. McReynolds of the telegraph department has rented property and will move to the city early next week.

Wallace McKee of Pickering was a caller yesterday and made all arrangements to enter school Sept. 2.

The building and equipment is being overhauled this week.

Miss Bess Porter is spending her vacation in Kansas City, in special study at a business school.

Miss Clara Epperson, class of '13, was married in Omaha Wednesday to Mr. John L. Griffith of the government schools faculty at Pine Ridge, S. D.

Homer Croy in Stanberry.

The following is from this week's Stanberry Herald:

Homer Croy and father came down from Maryville Saturday and visited relatives in town for a short time. Homer found his way to the Herald den, where he inflated his lungs and took a good sniff of print shop ink and sour paste. Homer commenced in a print shop at Maryville, went to Columbia and worked his way through school, went to New York to get rich, but changed his mind and is now a successful writer and has a chair as one of the contributing editors on Judge. He is a bright young man, ambitious and is making good in the literary world. He hopes he will keep on climbing. There is nothing too good for a newspaper boy.

A Correction.

A mistake was made Monday in giving the price Ford & Klaas of Parnell would receive for the apples in their big orchard, which they have sold to a firm at Atchison, Kan. The price given in the paper said \$2.50 per bushel for the Jonathan apples, which should have read \$2.50 per barrel. The other prices were correct.

MRS. JOSEPH LEITER.

She Will Soon Start With Her Husband on a World Tour In the Gould Yacht.

Mr. and Mrs. Joseph Leiter, now of Edgewater House, Beverly Farms, Mass., are planning a trip around the world on board the steam yacht Niagara IV., which Mr. Leiter has chartered from Howard Gould. The cruise will take about a year, the yacht coming back in time for the cup races in September, 1914. Mr. Leiter will be accompanied by his family and a number of guests. A crew of sixty-five men will be required for the yacht.

IT WAS WILL DAY BACK FROM CANAL

THREE WILLS OFFERED FOR PROBATE WEDNESDAY.

ONE WILL 10 YEARS OLD

The Other Two Were Drawn in Recent Years—Estates to Relatives in Each Instance.

Wednesday afternoon was will day in the probate court, as three wills were probated in that court.

The will of Sarah E. Pope, who died at her home at Skidmore, August 12, was probated. The will was written September 24, 1912, and was witnessed by L. C. Cook and T. A. Cummins. By the terms of the will, a son, Charles S. Pope, is given a certain tract of land by payment of \$150 to the executor of the estate; another son, Harvey M. Pope, is given 15 acres; James R. Pope, a son, is bequeathed 20 acres; Martha A. Sewell, a daughter, is given nothing, as she had received 80 acres of land, but if it is of less value than \$6,000, she is to be paid such sum as will make \$6,000 when added to the reasonable value of the land, but the payment is not to be over \$800. The rest and remainder of the estate is to be converted into cash and the proceeds divided equally among seven children, who are Rosa B. Teson, J. L. Pope, Harvey M. Pope, Bertha M. Osborn, Martha A. Sewell, Charles E. Pope, James R. Pope. Harvey Pope is named as executor of the estate.

The will of Lars Mickelson, who died in state hospital No. 2 at St. Joseph, on August 9, was filed. The will was written on October 29, 1903, and was witnessed by W. C. Pierce and W. H. Allen. According to the terms of the will \$1 was left to Peter and Heber Mickelson, sons, and to Mary E. Thompson, a daughter. A daughter, Bena Jensen, is given the rest and remainder of the estate, and at her death to go to her children. S. G. Gillam was named as executor.

The will of William Murphy, who died on August 12, leaves the entire estate to two sons, John J. and James F. Murphy. John J. Murphy was named as executor. The will was written on November 30, 1911, and was witnessed by L. C. Cook and T. A. Cummins.

Chicago Visitor Here.

Mrs. William Feurt of Chicago, arrived in Maryville Thursday noon on a visit to Maryville friends. Mrs. Feurt has been visiting her son, Fred Feurt, at Broadway, Mont., and stopped here on her way home. Mrs. George Feurt, who has been in Seattle, Wash., for nearly a year, is also in the city, and they are now at the home of the Misses Foster, on East Fourth street. Mrs. George Feurt came to Maryville on a visit to her sister, Mrs. Yeo, at the home of her son on East Thompson street. Mrs. Feurt resides at Clay Center, Kan. The Feurt families were residents of Maryville for many years, until about ten years ago.

Home From Iowa Lakes.

J. A. Dowden and family, Forrest Dowden and family and Mrs. J. F. Dowden, living northeast of Maryville, returned Wednesday evening from a ten days' visit at Spirit Lake and Lake Okoboji, Ia., with relatives of Mrs. J. A. Dowden. They made the trip in their Overland and Ford cars and made the 256-mile trip each way in one day. On their return trip they traveled through fifty miles of mud and would have been willing to have traveled in mud all the way. The muddy places were between Lake Okoboji and Storm Lake, and Braddyville and Clearmont. Crops in Iowa are looking fine, the travelers say.

Building New Residence.

Mrs. Winfield Scott, living northwest of Maryville, will soon begin the erection of a modern nine-room residence on West Seventh street, joining the residence lot of J. L. Scott. Excavation is now in progress for the foundation. Mrs. Scott will occupy it when it is completed.

Attended Mother's Funeral.

Mr. and Mrs. M. D. Kemp, living north of Maryville, returned Thursday morning from Bowen, Ill., where they were called by the death of Mr. Kemp's mother, who passed away Saturday night. The funeral services were held Monday afternoon.

Mrs. T. B. Maulding and Miss Mary Springer of Goff, Kan., went to Bedford Thursday to visit Mrs. Maulding's parents.

MRS. FORD RETURNS FROM VISIT TO THE BIG DITCH.

THE AIR INVIGORATING

Heat Has a Different Quality From What It Has Here and Mercury Failed to Reach 90.

Mrs. J. S. Ford and little daughter returned Wednesday night from a delightful six months' visit at Christobel, Canal Zone, with her son, Stanley Ford, and his family.

The temperature of that country averages 86 the year round, and Mrs. Ford has enjoyed her summer there as much as she did the winter. The heat there is much different to what it is here, and there is always a good breeze blowing, the air light and invigorating, and the temperature did not reach 90 at any time. Merle Elizabeth attended school five months while she was there and enjoyed herself so much that she did not want to come home. Mrs. Ford's other son, Wesley Ford, who was in Christobel when she went there, is now located at Las Cruces, N. M.

WERE IN RAILWAY WRECK.

Mrs. Shipp and Daughters Returned Thursday Noon From Trip They Started On Wednesday.

Mrs. Harry Shipp and Misses Blanche and Marie Shipp, who left Maryville Wednesday morning on a two weeks' visit to Mr. Shipp at Billings, Mont., were in a railway wreck Wednesday afternoon about 4:30 o'clock, near Table Rock, Neb., that caused them to give up their trip for the present and return home.

A bridge was found burned out after they left Napier, Neb., as they were nearing Table Rock. Their train was backing to Napier when it ran into a freight train that had stopped on the track, the engineer on the passenger train not being aware of the freight train's position. One of the freight cars was thrown from the track and the passengers were shaken up some, but Mrs. Shipp and daughters escaped without injury. The passenger train then moved forward to a place where the passengers could secure transportation back to St. Joseph over another road. As the party would be delayed a week in getting to their destination, which would give them but one more week to visit and return, they concluded to return, as all the other tourists did.

They only learned of one injury. A man sustained a broken arm, but the conductor on the Burlington train to Maryville told them several people were killed in the wreck.

Left On Western Trip.

Mrs. Ralph Pierpoint, Mrs. C. R. Fakes and E. Fakes left Wednesday evening on an extended trip to Denver, Colorado Springs, Pueblo, Col., and other points in Nebraska. They do not expect to return before the latter days of October.

To Maitland Fair.

Quite a number from Maryville are attending the Maitland fair this week. The Maryville band is furnishing the music for the fair. The races that are given each afternoon are very good ones.

Mr. and Mrs. R. H. Duncan returned Thursday morning from a five weeks' trip to New York and Pennsylvania. They visited their son, Ross Duncan, in New York City.

Back From Colorado.

Paul Slisson returned Thursday noon from a two weeks' stay in Denver and Estes Park, Colo. Mr. Slisson reported that the weather was very cool where he was.

Miss Teresa Conway of Clyde, who recently underwent a surgical operation for appendicitis at St. Francis hospital, returned home Thursday. She was accompanied by Charles Blinter, who will spend a few days in her home.

Miss Helen Todd and her guest, Miss Pauline Parr of Hamilton, went to Guilford Thursday to visit their relatives there until Friday evening.

Paul and Stella Brown went to Arkoe Thursday morning to visit the family of William Fanning.

No city water used at our fountain—Renillard's.

MRS. JANE DEBORD IS DEAD.

Funeral Services Were Held Thursday Afternoon at Daughter's Home in Skidmore.

Funeral services for the late Mrs. Jane DeBord, who died Wednesday night at the home of her daughter, Mrs. F. A. Lee of Skidmore, with whom she had made her home for several years, were held Thursday afternoon at the Lee home, conducted by Rev. J. C. Polley of the Christian church. Burial took place in Burr Oak cemetery.

Mrs. DeBord was the widow of the late John DeBord of Quitman, and they were among the pioneer residents of the county. Mrs. DeBord was 79 years old and was born in Rock Castle county, Kentucky. She was married to her husband in Kentucky in 1867, and they came to Nodaway county in 1870 to make their home, settling on a farm west of Skidmore. Mr. DeBord's death occurred in 1884.

Mrs. DeBord had made her home with her daughters for five years, and for two years had been in a helpless condition from paralysis at Mrs. Lee's home. She is survived by two children, Mrs. W. L. Jones of Independence, Mo., and Mrs. Lee.

THREE ROUND BOXING BOUT.

Staged in the Owls Club on Wednesday Afternoon—Another This Afternoon.

A fast three round boxing bout was staged in the Owls club rooms Wednesday afternoon between Steve Viles and Kid Butler, a professional boxer, who is putting on exhibition matches. Butler is a much lighter man than Viles, weighing only 140 pounds, but he is fast and can give the local man a busy time. Another bout was being staged this afternoon at the Owls between the two.

BUTTER GOOD AFTER YEARS.

Lost Package Found to Be Sweet When Taken From Well.

A crock of butter was taken from a well on the farm of John McQuigg, a wealthy land owner twelve miles northeast of Grant City a few days ago. The butter was lost in the well years ago by Mr. McQuigg's wife, who died seven years ago. The cloth still was around the butter which still was firm, of bright color and of good eating quality.

SPECIAL COUNCIL MEETING.

Held Wednesday Evening and Board Contract Was Approved.

A special meeting of the city council was held Wednesday night for the purpose of approving the contract for the new filter house at the water works and to order the payment of 50 per cent of the purchase price of the new boilers, as the contract provided for this payment on the delivery of the boilers at the water plant.

To Go to Grant City.

County Superintendent Oakerson will leave this evening for Grant City, where he is to address the county teachers' association. Mr. Oakerson is to go to Grant City by the way of Hopkins and will spend the night at the home of Prof. A. H. Cooper's parents, near that town. Messrs. Oakerson and Cooper will go to Grant City in the morning.

The Union Forum at Pickering.

The Union Forum will hold its regular meeting Saturday evening at 8 o'clock in the M. E. church of Pickering. A feature of the program will be a debate on the California alien land law.

Cleaning the Dam.

Manager Lou Denny of the water company was at the river all day Wednesday supervising the work of cleaning the dam. The water was let out of the dam and a large amount of straw and trash cleared away.

Mr. and Mrs. J. M. Sturman of Gove, Kan., who have been in Maryville a few days with a view of locating here, returned to their home Wednesday evening.

Miss Helen Wray of Springfield, Mo., who has been visiting in Maryville, will go to Hopkins this Thursday evening for a visit with relatives.

FARMERSTOO BUSY

GOOD ROADS DAYS, MET LITTLE RESPONSE IN NODAWAY COUNTY.

A SUCCESS OVER STATE

Over a Million and a Half Dollars Saved in Labor in State and Many Miles of Road Improved.

The good roads days in Nodaway county were not much of a success, but on the second day more were out than on the first day, Wednesday. While not much work was done on the road, still many cut the weeds in the road.

The farmers are too busy now to work the roads. They are still threshing.

However, the good roads days in the state were a great success. Based on telegrams received from counties scattered in every portion of the state, Governor Major said Wednesday night that a quarter of a million would be a conservative estimate of the number of men who toiled on the roads and highways of Missouri on that day, in answer to his proclamation.

The governor estimates that the value of the work that was done yesterday and will be done today will be at least \$1,500,000.

Governor Major says:

"The value of the labor alone in the two days will be a million dollars. More than \$200,000 has been raised in the various counties and cities of Missouri and spent for material and road supplies. Thousands of teams have been worked. Tons of cement have been put into bridges and culverts. This will add another million dollars to the total amount of improvement that has been done and will be done on the two road days. And that is putting it small.

"Missouri has shown the nation an object lesson in road building. At least two hundred miles of new road was built yesterday and that number will be equaled again today. Repairs have been made on hundreds of other miles of our highways. Hills have been dynamited off the entire state over.

"But aside from the actual dollar for dollar improvement on the roads has been the splendid road spirit that has been developed. The splendid newspaper support accorded the proclamation setting aside these two good roads days made failure impossible. Even if we had not had such a splendid turnout of volunteer workers as we had over Missouri today the plan would have been a success. For beside the improvements we have got a splendid good roads spirit, a spirit that will not stop with work on these two days alone, but will carry on this great work of bettering our highways until Missouri leads the nation. And out of the newspaper and the personal campaign made for these two days has come a splendid education in road building. Counties have more permanent road building equipment as a result of this movement than they had before. And they are going to keep on increasing it."

In City Police Court.

George Peterson and Levi Kelley were brought before Mayor Robey in police court this morning charged with drunkenness. They were fined \$8.10 each, covering costs.

An Exhibit at Des Moines.

C. D. Caldwell of Burlington Junction sent twenty head of his Black Angus cattle to Des Moines, Ia., the fore part of the week. The cattle will be on display there during the Iowa state fair, which opened yesterday.

Mrs. Paul Brown and daughter, Miss Bessie Brown and Robert Brown went to Barnard Thursday morning to spend the day with Mrs. J. W. Miller and family.

NEW ADVERTISING RATES.

September 1st a new advertising rate card will be in effect on The Democrat-Forum. A slight advance has been made in nearly all classes of advertising. This has been necessitated by advances in prices for nearly everything entering into the cost of making a paper, and also by the fact that increased circulation means increased cost for output which must partly be borne by the advertiser. Since the rates now in effect were made the circulation has increased at least 50 per cent, while the increase in rates averages only about 10 per cent. Special contract rates for large amounts of space and for regular space advertising made known upon application. The open rates follow:
Display advertising, first insertion, per inch 20c
Each succeeding insertion, per inch 15c
Short locals, each insertion, per word 1c
Headed readers of 60 words or more, per word, first insertion 1c
Each subsequent insertion, per word 10c
Poultry ads, business and professional cards, per inch per month \$2.00
Less than one month charged at regular display advertising rates.
Yearly contracts can be made at a discount from the regular advertising rates. Call us and our advertising man will be glad to visit you.

The standpaters and the special privilege cormorants are not shaping the new tariff and currency bills now in the process of making at Washington, therefore they are fighting for delay. The fact that the Democratic majority in the senate is very, very small enables them to score a measure of success in such fight. The way to remedy that lamentable situation is for the people to resolve now to elect more Democratic senators next year and make sure to keep the resolution.

How to send a vacation may be an interesting question—sometimes. But you'll not find Democratic officials spending their vacations at the sea coast resorts hobnobbing with millionaires and sports, nor cruising on the Atlantic with the owners of private yachts, getting next to how to make some "easy money." If they get a vacation they may work the roads, or get out and touch elbows with the people. It's just a Democratic way.

W. M. Wyant returned Thursday noon from a business trip to St. Louis.

Deafness Cannot Be Cured

Local applications, as they cannot reach the inner portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Filthy Chewing Gum.

Although the production of chewing gum is enormous, and millions of dollars are invested in the industry and the vending of the product, few realize just what the components are of commercial chewing gum, and what the processes are which render the gum chicle of the tropics suitable for use, says the Pharmaceutical Era.

Neither the health departments nor the druggists have investigated the manufacture of chewing gum, the former passing the neatly wrapped and sealed packages, without apparently exercising any supervision over the manufacture of the product. The druggists and confectioners, as well, have been content to handle the product as a quick seller, without investigation as to its cleanliness, its manufacture or the source of its principal component, chicle.

As the result of a laboratory investigation of several leading brands of commercial chewing gum, carried out by the Pharmaceutical Era, it has been shown that a large amount of dirt had never been removed from the chicle, and that in the deposit of this matter in the bottom of the test tubes are included bark, leaves, insects, dust, moss, soil, pollen of other tropical plants, and in fact the usual accumulated material to be found in almost any tropical gum collected by the tree-tapping methods of primitive peoples.

Contrasted with these samples, which were found to be "filthy vegetable substances" in agreement with the pure food decisions of the department of agriculture, the investigator made similar tests with purified gum chicle, produced by modern methods and by the use of special machinery. The result of these experiments prove conclusively that not only is it possible to give the consumer a pure chewing gum at the same price demanded for the dirt-laden kind, but that there is no excuse whatever for the present methods of manufacture.

Threatened With Lockjaw.

The Hopkins Journal says: While breaking ice with a pick one day last week Mrs. C. W. Kirk pricked one of her fingers, but thought nothing of the matter until last Sunday, when her finger began to pain her some, as well as her jaws. Dr. Kirk called in Dr. Sargent, and administered antitoxin which gave relief. Dr. Wallis of Maryville was also called, and while at the time there were strong indications of lockjaw, the danger has now passed and Mrs. Kirk is resting easy, being able to be up and around the house. If prompt measures had not been taken, there is little doubt but what her case would have proven very serious.

Brought Guests to Maryville.

Miss Ola Clawson of Barnard was in Maryville Wednesday, accompanied by Miss Allie Amos of Council Bluffs and Messrs. Ernest Howard and William Sharp of Sioux City.

Louis DeHart of the Deschauer jewelry store will leave Saturday evening for Chicago, Cincinnati and other eastern points. At Chicago he will attend the National Jewelers' association. He will be gone two weeks.

Mrs. Wallace Chilcott and Miss Darlean Chilcott of DeWitt, Mo., returned home Wednesday evening from a visit at Brooks and Corning, Ia.

Rev. Mother John of Clyde, accompanied by Miss Anna Lally, went to St. Joseph Thursday morning on a business trip.

A marriage license was issued Thursday to Liver L. Kelley of Blanchard, Ia., and Harriet A. Hurt of Coin, Ia.

A marriage license was issued Tuesday to Tona Covey of Lilly Dale, Ind., and Miss Edna A. George of Hopkins.

Guests at Willowdale Farm.

Mrs. Curtis Wray of Springfield, Mo., and Miss Daisy Richardson of this city were all-day guests Thursday at Willowdale, the country home of Mr. and Mrs. William Job, west of Maryville.

A Surprise Waiting for Rebekahs.

All members of Alert Rebekah lodge are requested to meet in Odd Fellows hall Friday afternoon at 4:30 o'clock. Each one is requested to bring lunch for one. There will be special work and a surprise for all.

Visitors From Chicago.

Mr. and Mrs. R. A. Good of Chicago arrived in Pickering Thursday noon and are guests at the home of Mr. and Mrs. Howard Wray. The visitors are on the way home from a western trip. Mrs. Good is a sister of Mrs. Wray, and will be better remembered as Miss Lillie Beckwith. Her marriage to Mr. Good occurred since her visit to Mrs. Wray last summer.

Entertained For Sister.

Mr. and Mrs. John Shonley entertained at dinner Wednesday evening in honor of Mr. Shonley's sister, Sister Edward of Yankton, S. D. The guests were Mrs. Andrew Zech, Hubert Zech, Misses Katherine and Teresa Shonley and Paul, Francis and Anselm Shonley. Sister Edward left on the 7:11 Wabash train for her work in South Dakota, accompanied by Miss Katherine Shonley. They were accompanied as far as Burlington Junction by Mrs. John Shonley.

Picnic Party.

A number of young people spent a pleasant day picnicking and fishing at the 102 river Thursday. All brought well filled baskets, and at noon a bountiful dinner was served. Those of the crowd were Mr. and Mrs. Will Osborn, Mr. and Mrs. John Griffey, Misses Dora Smith, Mae Mitchell, Emma Josephine, Nettie and Violet Jensen, Esther Neidle, Edith and Mabel Patterson, Messrs. George and Robert Patterson, Orb Griffey, Gus Shell, Harold, Donald and John Wesley Thompson, Ernest, Beryl and Cleo Mitchell, Sorenus Jensen and Jimmie Patterson.

Is the "Warmest Baby."

Attorney S. E. Browne had legal business at the county seat Monday, and County Clerk George W. Demott sent word by him to the Journal to the effect that Maryville, without question, is the "warmest baby" on the map. In a local store there that day several chicks were hatched out from eggs that were housed in a refrigerator, so we believe the county official is about right in his claim.

Meeting at Mt. Air Church.

Rev. Royston begins a revival meeting at the Mt. Air M. E. church Sunday evening. Everybody, regardless of denomination, are requested to attend all these services for the salvation of souls. Preaching every evening at 8 o'clock.

Mr. and Mrs. M. L. Beattie and Miss Margaret Beattie went to Maitland Thursday to attend the fair.

Miss Inez Teaney was called to DeKalb, Mo., Thursday morning by the illness of her aunt.

Mrs. T. J. Moss went to Maitland Thursday morning to attend the fair.

Communication

Barnard Correctly Informed.

Bolekov, Mo., Aug. 21.—Editor of Democrat-Forum: Be it especially known to the people of Barnard that of my own free will I decided my 20-acre farm to my six children. Contrary to the false rumors circulated by those who wish to hurt the reputation of my son-in-law, Rev. W. E. Royston, I was neither compelled nor influenced in any way whatsoever by him to deed away my property. However, because of the confidence my children have in him, he has been selected by them as business manager of the farm.
(Signed.) JEFFERSON BROWN.

A Larger and Better Maryville.

Editor Democrat-Forum: Surely a consummation much to be desired by every citizen of our beautiful little city.

Can we have it? If so, how? Some things are fundamental, and cannot be ignored. If Maryville is to become a larger and better city it will result largely, yea, almost entirely, from two sources.

First, inside energy, Maryville spirit, Maryville life, a common agreement as to what is best, financially, politically, socially, and morally, coupled with a united determination to do it. Maryville needs a larger and clearer vision of that which makes for the highest and purest for her homes, schools and churches. Everything that antagonizes these should be invited to go, and go quick.

Second, outside help. Maryville may grow better from the proper exercise of inside energy, but she cannot hope to grow permanently larger without outside help. And this, too, largely from its immediate surroundings. Maryville is the metropolis of Nodaway county, and should aim to be the commercial, political, social and moral center of the entire county. But how is this to be accomplished in a way that will be of real worth to Maryville? Does Maryville expect this without paying the full price of all that it is worth?

Now, if Maryville cannot hope to grow larger without help from its immediate surroundings, then a pertinent question is, how is Maryville going to get this help? How long will it take the farmers and commercial centers of Nodaway county outside of Maryville to make Maryville a larger and better city without any increase of financial ability? We are willing to admit that some help may come from inducements that Maryville can hold out by way of better stores, better schools, better churches and better moral conditions, but these can accomplish but little unless there are increased resources to draw from. Have the people of Maryville fully awakened to the fact that her enlargement and prosperity depends almost entirely on the enlargement and prosperity of its immediate surroundings from which it gets that which contributes to its growth and prosperity?

Only as Maryville manifests her interest in the welfare of the farmers of Nodaway county, and also the welfare of every town and village in the county can she hope to have these contribute to her larger and more substantial growth. Think of it as we please, but here is a large place for a practical application of the golden rule. Maryville is quite willing to receive benefits from Burlington Junction, Skidmore, Parnell and Barnard, and all of the other small towns of the county, but is Maryville equally ready to lend a helping hand to each and all of these lesser commercial centers? Has Maryville not learned that the only sure way to get something out of the bank is to first put something in? And that if she wants her surrounding influences and agencies to help in the building of a larger and better Maryville it must come largely from the building of a larger and better Nodaway county, including every farm,

SAVINGS DEPARTMENT
The officers of the Nodaway Valley Bank wish to announce the establishment of a SAVINGS DEPARTMENT in connection with this institution.
This department will take care of your savings, paying interest semi-annually, and render every assistance in cultivating the habit of saving money.
No one need be ashamed to save money. No one need be ashamed to start with as little as a dollar. The habit of saving money, if persisted in, is bound to make for financial independence and to make a good citizen of the "man with the habit" as well.
You may start an account in our SAVINGS DEPARTMENT with a dollar and make deposits from time to time. No red tape. No formality. Simplest thing in the world, and think what it means.
The SAVINGS DEPARTMENT of the NODAWAY VALLEY BANK will open for business on
FRIDAY, AUGUST 22, 1913
Hours 9 a. m. to 3 p. m.
On all accounts opened before September 1st, 1913, interest will be allowed from August 15th, 1913.
Don't overlook this invitation to start a SAVINGS ACCOUNT. Drop in next time you are passing and get started. We have a book for YOU.

town, village and hamlet within its borders. A larger and better Maryville means that there must be first a larger and better Burlington Junction, a larger and better Skidmore, a larger and better Barnard, a larger and better Hopkins. In a word, an improvement and healthy growth of every interest in the county. Is Maryville ready and willing to do her full share in the improvement of these interests outside of her immediate borders? Is Maryville ready to join hands and give substantial support to any and every movement that promises a larger and better Nodaway county in every nook and corner? If so, and she can get the rest of the county to so join with her, Maryville's population will be 10,000 in less than ten years.

BEAUTIFUL LAKE COOPER AT KEOKUK, IOWA, FORMED BY \$25,000,000 POWER DAM AT THAT POINT

In the opinion of experts who have gone over the two-and-one-half-mile triangular course, Lake Cooper, at Keokuk, Iowa, promises to become the leading motor boat speedway in the middle west. It will have its first trial August 26, 27 and 28, when the annual regatta of the Mississippi Valley Power Boat association will be held at Keokuk in connection with the celebration by which the \$25,000,000 power development dam at that point will be formally opened. By the construction of the dam a lake with an area of 100 square miles was formed, with a length of 65 miles and from one and one-half to three and one-half miles wide. At the upper end the depth is eight feet; at the lower end, near Keokuk, it reaches a depth of fifty feet. Beautiful boulevards are being built on the bluffs skirting the water, and a number of magnificent club houses have been planned. Adding these to the natural advantages of the surrounding country, the outlook is promising for sport and summer enjoyment such as few places enjoy, and which will afford attractions for visitors from the entire power zone, covering several hundred miles. At present the racing speedway is passing through an experimental stage. The length of the course is only temporary. It is planned to make it five miles long, with the boats in full view of the stands from start to finish.

MAURY DIGGS FOUND GUILTY

Former State Architect of California Convicted on 4 Counts.

VERDICT ON THE NINTH BALLOT

Maximum Penalty on Each Count Five Years in Federal Prison—Counsel for Defense Announces Appeal Will Be Taken.

San Francisco, Aug. 21.—In eloping with Marsha Warrington from Sacramento, Cal., to Reno, Nev., Maury I. Diggs, former state architect of California, was guilty of violating the Mann act, which makes it a felony to transport women for immoral purposes from one state to another. This was the verdict of the jury that tried him. There were six counts in the indictment and the jury found a verdict of guilty on the first four. Each count carries a maximum penalty of five years and a minimum of one year in a federal prison.

The case won national notoriety when United States Attorney John L. McNab resigned, charging that the trial had been delayed by political influence and made public his resignation in an open letter to President Wilson.

Nine Ballots Taken.

Nine ballots were taken by the jury and from the first the jurors were unanimous for conviction on the first four counts, but on the fifth, charging the defendant with persuading, advising and inducing Marsha Warrington to go from Sacramento to Reno for immoral purposes, and on the sixth, charging the same offense with respect to Lola Norris, they were as obstinately disagreed.

Sentence will be pronounced Sept. 2. Judge Van Fleet set the bail at \$5,000 on each count, making \$20,000 in all. I. H. Diggs, the defendant's father, and Marshall Diggs, his uncle, were both ready with bonds in the amount named.

Counsel for the defense announced that they would appeal.

MONEY FOR MOVING CROPS

Secretary McAdoo Outlines Plans for Distributing Cash.

Washington, Aug. 21.—First deposits of the government's \$50,000,000 fund to aid crop movements will be made in the southern states in August and September.

All deposits in all states will be made in two equal allotments. In a statement Secretary McAdoo outlined the treasury department's requirements for security.

While all deposits may be recalled without notice, the treasury expects to recall 25 per cent Dec. 15, another 25 per cent Jan. 15, 1914; another Feb. 15 and the final portion March 1. The banks will pay 2 per cent interest and all expenses.

Secretary McAdoo's statement says the government expects that by making the deposits in national banks in principal cities the funds will be used in good faith for relieving stringency and not for speculative purposes and will be distributed to smaller banks at moderate and reasonable interest.

TARIFF DEBATE IS PERSONAL

Penrose and Martine Engage in Tilt in Senate.

Washington, Aug. 21.—Senators Penrose and Martine enlivened the tariff debate by a spirited exchange of personalities. Martine quoted Rudolph Spreckles as believing free sugar would not ruin the beet sugar industry in the west, that the Hawaiian industry would continue and that the Louisiana cane industry has been too long protected.

"That the senate may know the impartiality of Spreckles in the matter, I wish to call attention to his contribution to President Wilson's campaign fund," interjected Penrose. He added that Spreckles was interested in free sugar.

"The senator from Pennsylvania has lived so long under the shadows of a boiler factory that the welding of plate and the riveting of a boiler have more attraction for him than the cries of suffering humanity," retorted Martine.

Entombed Workmen Rescued.

New York, Aug. 21.—Thirty-five workmen, caught 440 feet under the ground in a section of the Catskill aqueduct, in course of construction under Washington Heights here, when fire broke out in the shaft house overhead, were found unharmed two hours later when the fire was controlled. Their chief suffering had been from lack of air, cut off by the smoke.

Baby Fell in Hot Water.

Velma, the 17-months-old daughter of Mr. and Mrs. Ralph White, living four and one-half miles west of Maryville, fell into the washing machine Wednesday morning, into which her mother had poured a bucketful of steaming hot water. The little girl climbed up to the machine to watch operations while her mother went for another bucket of water and fell in head first, burning her right arm and shoulder painfully but not seriously. She was much better Thursday.

MRS. LARAMORE TELLS TROUBLES

Lady in Goodwater Describes Her Distressing Experience and Tells How She Was Finally Relieved.

Goodwater, Mo.—"Ever since I was a little girl," says Mrs. Riley Laramore, "I was a great sufferer from dyspepsia."

I suffered misery after eating, and had terrible heartburn.

I thought I had to suffer this way as long as I lived, but when I began to take Thedford's Black-Draught, in small doses, every night, the heartburn was all gone in a few days, and I could eat without distress.

I took two small packages in all, and although that was some time ago, the dyspepsia has not returned.

I speak a good word for Thedford's Black-Draught whenever I have the opportunity.

If eating causes distress, we urge you to try Thedford's Black-Draught. It cleanses the system, helps the stomach to digest its food, regulates the bowels, and stimulates the liver.

It acts gently and is without bad after-effects. Try it. Price 25c.

A NEW HIGH POWER RIFLE—
The Remington-UMC Slide Action Repeater

GETTING in touch with the shooting fraternity all over the country, as we do, we find a very considerable number of Remington-UMC users who want a Remington-UMC slide action repeater in a high power model—one heavy enough for practically any type of game that is found on this continent.

The answer to this demand is the new Remington-UMC High Power Slide Action Repeating Rifle. During the few months these rifles have been on the market, several hundred of them have been put into use. The testimony of the owners is that they are emphatically a success. Your Remington-UMC dealer has these repeating rifles in stock or will get you one. Don't buy a high power repeater until you have seen it. It is the gun you want.

FURTHER ADVICES FROM ENVOY LIND

Mexican Note Filters Slowly Into Washington.

HUERTA APPEARING FRIENDLY.

Mexican Note Intimates President Wilson is Not Backed by His Countrymen and Declares Recognition Has Been Made a Partisan Question.

Washington, Aug. 21.—Still without the complete text of the Huerta government's note rejecting President Wilson's suggestion for peaceful adjustment of the Mexican situation, government officials received further advices, describing as cordial the continuation of relations between Huerta officials and John Lind.

Intimations are contained in Huerta's reply that President Wilson is not backed up by congress or the American people in his stand against recognition of the Huerta government.

Referring to the attacks on the Washington administration by members of congress and pointing to the official recommendations of Ambassador Henry Lane Wilson advising recognition, President Huerta declares he is entitled to be recognized. He holds that the Democratic party's power is temporary and argues that recognition of his government is a partisan question in the United States. He intimates that he reaches his conclusion on private advices from Washington.

That the United States will not recede from its original proposal that it cannot recognize any regime unless a constitutional election is held, was reiterated by government officials who discussed the question with President Wilson. Policy of non-interference in Mexico by continuing to deny arms to both sides and a withdrawal of Americans in the troubled zone is likely to be put into effect, though in some administration quarters there was noticeable talk of drastic measures.

It is the opinion of some officials that the United States should prepare itself for emergencies. President Wilson has been opposed to any big troop movement, lest the intention of the United States be misinterpreted. Other officials take the view, however, that precautionary measures are necessary.

An attempt to pass a vote of confidence on President Wilson's Mexican policy was blocked in the house Democratic caucus when Representative Saunders introduced such a resolution and Representative Hardwick of Georgia objected on the ground that the time and place were inappropriate. It was dropped. None of those present interpreted the action as a lack of confidence, however.

OFFICERS PUT TO DEATH

General Bravo Orders Killed Those Who Would Desert.

Eagle Pass, Tex., Aug. 21.—A story of executions of high army officers and of heavy losses of life in battle reached here in the first official account of fighting about Torreon from the constitutional point of view. The dispatches came from Carranza. The governor said the attack on Torreon began July 20 and continued fourteen days, during which time the constitutionalists lost over 800 killed and wounded. Then the constitutionalists stopped active fighting.

General Bravo, commanding the federalists, Carranza said, discovered a plot among some of his officers to desert to the constitutionalists. Bravo promptly executed two generals, Pablo Lavin and Epimeno Escalada and also Colonel Louis Carr. General Cheche Campos, likewise sentenced to be shot, escaped and offered his services to Carranza, who says he arrested Campos and tried him by court-martial and had him shot.

CONFER OVER MONEY BILL

Owen Talks With President Wilson on Currency Measure.

Washington, Aug. 21.—Senator Owen's change of mind on the administration currency bill precipitated a conference among Democrats of the senate banking committee, who discussed his declaration that changes relating to the regional reserve banks must be made before the bill could pass the senate.

Owen said that Republican members would be called into a conference to agree on a bill. He later had a half hour's conference with the president and at its conclusion stated that the administration currency bill had his full approval and that he believed it would be reported by the committee without material change.

THAW APPEARS IN CANADIAN COURT

Fugitive Produced on Habeas Corpus Writ Attorney Secured.

Sherbrooke, Que., Aug. 21.—Harry Kendall Thaw's legal fight against deportation to the United States, after his dramatic escape from the Matteawan state hospital for the criminal insane on Sunday morning last, began in this Canadian frontier town this morning. He was produced before Judge Globensky of the superior court on a writ of habeas corpus obtained by his counsel.

If the writ is sustained he will be a free man. But for how long he will be free is problematical. Dominion immigration authorities, watching every move in the case, announced that they stand ready to detain him, should he be released, and then to take steps to thrust him back across the border as "an undesirable alien," either at the New Hampshire line, where he entered the Dominion, or at some point in New York state.

Sheriff Hornbeck, after close scrutiny of the self-styled Mitchell Thompson, arrested as one of the five who aided Thaw to escape from the asylum, said that without question the man was Roger Thompson of New York city.

RECOGNITION FOR GOVERNOR GLYNN

"Executive Chamber" Designated for Him by Building Board.

Albany, N. Y., Aug. 21.—Martin H. Glynn was officially recognized as acting governor of the state by the board of trustees of public buildings when new rooms in the capitol were designated as "the executive chamber" for his use. The assembly parlor and a committee room were set aside as the acting governor's quarters. They are situated on the third floor, while the executive offices to which Governor Sulzer still clings are on the floor below.

As Governor Sulzer approached the capitol steps on his way from the executive mansion three stout young men turned around to stare at him.

"Are you here to assault me?" the governor asked.

"Why in the world should we want to assault you?" replied one of the young men, in astonishment. "We are simply looking around—just sightseers."

The executive, his fears quieted, shook hands nervously with the trio and walked quickly up the steps to the executive chamber. Sulzer is said to have had several warnings of a projected plan to have him attacked by gangsters or kidnaped.

MAURY DIGGS FOUND GUILTY

Former State Architect of California Convicted on 4 Counts.

VERDICT ON THE NINTH BALLOT

Maximum Penalty on Each Count Five Years in Federal Prison—Counsel for Defense Announces Appeal Will Be Taken.

San Francisco, Aug. 21.—In eloping with Marsha Warrington from Sacramento, Cal., to Reno, Nev., Maury I. Diggs, former state architect of California, was guilty of violating the Mann act, which makes it a felony to transport women for immoral purposes from one state to another. This was the verdict of the jury that tried him.

There were six counts in the indictment and the jury found a verdict of guilty on the first four. Each count carries a maximum penalty of five years and a minimum of one year in a federal prison.

The case won national notoriety when United States Attorney John L. McNab resigned, charging that the trial had been delayed by political influence and made public his resignation in an open letter to President Wilson.

Nine Ballots Taken.

Nine ballots were taken by the jury and from the first the jurors were unanimous for conviction on the first four counts, but on the fifth, charging the defendant with persuading, advising and inducing Marsha Warrington to go from Sacramento to Reno for immoral purposes, and on the sixth, charging the same offense with respect to Lola Norris, they were as obstinately disagreed.

Sentence will be pronounced Sept. 2. Judge Van Fleet set the bail at \$5,000 on each count, making \$20,000 in all. I. H. Diggs, the defendant's father, and Marshall Diggs, his uncle, were both ready with bonds in the amount named.

Counsel for the defense announced that they would appeal.

MONEY FOR MOVING CROPS

Secretary McAdoo Outlines Plans for Distributing Cash.

Washington, Aug. 21.—First deposits of the government's \$50,000,000 fund to aid crop movements will be made in the southern states in August and September.

All deposits in all states will be made in two equal allotments. In a statement Secretary McAdoo outlined the treasury department's requirements for security.

While all deposits may be recalled without notice, the treasury expects to recall 25 per cent Dec. 15, another 25 per cent Jan. 15, 1914; another Feb. 15 and the final portion March 1. The banks will pay 2 per cent interest and all expenses.

Secretary McAdoo's statement says the government expects that by making the deposits in national banks in principal cities the funds will be used in good faith for relieving stringency and not for speculative purposes and will be distributed to smaller banks at moderate and reasonable interest.

TARIFF DEBATE IS PERSONAL

Penrose and Martine Engage in Tilt in Senate.

Washington, Aug. 21.—Senators Penrose and Martine enlivened the tariff debate by a spirited exchange of personalities. Martine quoted Rudolph Spreckles as believing free sugar would not ruin the beet sugar industry in the west, that the Hawaiian industry would continue and that the Louisiana cane industry has been too long protected.

"That the senate may know the impartiality of Spreckles in the matter, I wish to call attention to his contribution to President Wilson's campaign fund," interjected Penrose. He added that Spreckles was interested in free sugar.

"The senator from Pennsylvania has lived so long under the shadows of a boiler factory that the welding of plate and the riveting of a boiler have more attraction for him than the cries of suffering humanity," retorted Martine.

Entombed Workmen Rescued.

New York, Aug. 21.—Thirty-five workmen, caught 440 feet under the ground in a section of the Catskill aqueduct, in course of construction under Washington Heights here, when fire broke out in the shaft house overhead, were found unharmed two hours later when the fire was controlled. Their chief suffering had been from lack of air, cut off by the smoke.

Baby Fell in Hot Water.

Velma, the 17-months-old daughter of Mr. and Mrs. Ralph White, living four and one-half miles west of Maryville, fell into the washing machine Wednesday morning, into which her mother had poured a bucketful of steaming hot water. The little girl climbed up to the machine to watch operations while her mother went for another bucket of water and fell in head first, burning her right arm and shoulder painfully but not seriously. She was much better Thursday.

MRS. LARAMORE TELLS TROUBLES

Lady in Goodwater Describes Her Distressing Experience and Tells How She Was Finally Relieved.

Goodwater, Mo.—"Ever since I was a little girl," says Mrs. Riley Laramore, "I was a great sufferer from dyspepsia. I suffered misery after eating, and had terrible heartburn.

I thought I had to suffer this way as long as I lived, but when I began to take Thedford's Black-Draught, in small doses, every night, the heartburn was all gone in a few days, and I could eat without distress.

I took two small packages in all, and although that was some time ago, the dyspepsia has not returned.

I speak a good word for Thedford's Black-Draught whenever I have the opportunity."

If eating causes distress, we urge you to try Thedford's Black-Draught. It cleanses the system, helps the stomach to digest its food, regulates the bowels, and stimulates the liver.

It acts gently and is without bad after-effects. Try it. Price 25c.
